<tr>
<td>1 Windmaster College is an independent (private) school founded in the early eighties by Michael Broadbent, a prominent South African educationalist, together with the Board of Trustees from the University of Kwa-Zulu Natal.</td>
</tr>
<tr>
<td>2 The following is a summary of some of the issues raised in a brochure handed out in 2011 to parents/guardians:</td>
</tr>
<tr>
<td>3 <strong>Social responsibility:</strong> Understanding that education is one of the most important tools for promoting equity, Windmaster College commits a significant portion of their profits to social investment. This is consistent with their approach of widening access to education for less privileged learners.</td>
</tr>
<tr>
<td>4 Windmaster College has a strong dedication to Triple Bottom Line Reporting.</td>
</tr>
<tr>
<td>5 The College management team recognises the high rate of prevalence of HIV/AIDS in South Africa and has developed a pro-active HIV/AIDS policy. In addition, HIV/AIDS is part of the Life Orientation curriculum of the College.</td>
</tr>
<tr>
<td>6 <strong>Development of a strategic plan for the College:</strong> The College regularly completes a SWOT analysis as part of its strategic planning. Some of the key issues that came up from this analysis were:</td>
</tr>
<tr>
<td>* The low number of learners taking Mathematics and Science;</td>
</tr>
<tr>
<td>* The possibility of the College offering learnership programmes (which will require a partnership with various SETAs);</td>
</tr>
<tr>
<td>* A possible shift from a line organisation to a line and staff organisation structure.</td>
</tr>
<tr>
<td>7 <strong>Management and leadership styles and approaches:</strong> At Windmaster College the management team tends to use a combination of an autocratic, democratic and laissez faire leadership approach to everyday issues. This combination has proven very successful.</td>
</tr>
<tr>
<td>8 <strong>Creative thinking in response to challenges in the College's dynamic and complex environment:</strong> All academic departments are encouraged to use a wide range of creative thinking techniques in the process of problem solving. In a recent survey, it came to light that most departments used the DRIVE or SWOT technique as the preferred technique.</td>
</tr>
<tr>
<td>9 <strong>Range of investment opportunities open to the Board of Trustees:</strong> The Board of Trustees has invested funds in offshore investments and in the trading of shares in order to maximise their investment returns. An analysis of their investment portfolio shows a balanced investment strategy, i.e. looking for a combination of both growth and income with a moderate level of risk over the medium to long term. A financial audit has shown that management safeguards their tangible assets by means of a comprehensive insurance policy.</td>
</tr>
<tr>
<td>10 <strong>Assessing entrepreneurial qualities and identifying success factors and areas for improvement:</strong> The College has a dedicated Human Resources Department. Attracting and retaining good teachers requires Windmaster College to offer the right mix of competitive salaries, appropriate challenges, recognition, fair employment and entrepreneurial opportunities. <strong>Given the contribution of women to education in South Africa, the College is committed to the empowerment of black women.</strong></td>
</tr>
<tr>
<td>11 <strong>Form of ownership:</strong> Michael Broadbent started the College as a sole proprietorship, but with the changes to the Companies Act, management is considering converting to a public company.</td>
